Section C.6. Transportation

(a) In addition to the requirements in Section C.1(a), costs of ocean or air transportation and related delivery services may not be financed under the Grant, if the costs are for transportation under an ocean vessel or air charter which has not received prior USAID approval.

(b) Except as USAID may otherwise agree in writing, the Grantee will insure, or cause to be insured, goods financed under the Agreement imported for the Agreement against risks incident to their transit to the point of their use under the Agreement; such insurance will be issued on terms and conditions consistent with sound commercial practice and will insure the full value of the goods. Any indemnification received by the Grantee under such insurance will be used to replace or repair any material damage or any loss of the goods insured or will be used to reimburse the Grantee for the replacement or repair of such goods. Any such replacement will be of source and origin of countries listed in USAID Geographic Code 935 as in effect at the time of replacement and, except as the Parties may agree in writing, will be otherwise subject to the provisions of the Agreement.

(2) by requesting USAID to issue Letters of Commitment for specified amounts directly to one or more contractors or suppliers, committing USAID to pay such contractors or suppliers for such goods or services.

(b) Banking charges incurred by the Grantee in connection with Letters of Commitment will be financed under the Agreement unless the Grantee instructs USAID to the contrary. Such other charges as the Parties may agree to may also be financed under the Agreement.

Section D.2. Disbursement for Local Currency Costs.

(a) After satisfaction of conditions precedent, if any, the Grantee may obtain disbursements of funds under the Agreement for Local Currency Costs required for the Agreement in accordance with terms of this Agreement, by submitting to USAID, with necessary supporting documentation as prescribed in Implementation Letters, requests to finance such costs.

(b) The local currency needed for such disbursements may be purchased by USAID with U.S. Dollars. The U.S. Dollar equivalent of the local currency made available hereunder will be the amount of U.S. Dollars required by USAID to obtain the local currency.

Section D.3. Other Forms of Disbursement. Disbursements may also be made through such other means as the Parties may agree to in writing.

Section D.4. Rate of Exchange. Article E: Termination; Remedies.

Section E.1. Suspension and Termination.

(a) Either Party may terminate this Agreement in its entirety by giving the other Party 30 days written notice. In addition, USAID may terminate this Agreement in whole or in part, upon giving the Grantee written notice, if (i) the Grantee fails to comply with any provision of this Agreement, (ii) an event occurs that USAID determines makes it improbable that the Objective or Results of the Agreement or the assistance program will be attained or that the Grantee will be able to perform its obligations under this Agreement, or (iii) any disbursement or use of funds in the manner herein contemplated would be in violation of the legislation governing USAID, whether now or hereafter in effect.

(b) Except for payment which the Parties are committed to make pursuant to noncancellable commitments entered into with third parties prior to such suspension or termination, suspension or termination of this entire Agreement or part thereof will suspend (for the period of the suspension) or terminate, as applicable, any obligation of the Parties to provide financial or other resources to the Agreement, or

to the suspended or terminated portion of the Agreement, as applicable. Any portion of this Agreement which is not suspended or terminated shall remain in full force and effect.

(c) In addition, upon such full or partial suspension or termination, USAID may, at USAID's expense, direct that title to goods financed under the Agreement, or under the applicable portion of the Agreement, be transferred to USAID if the goods are in a deliverable state.

Section E.2. Refunds.

(a) In the case of any disbursement which is not supported by valid documentation in accordance with this Agreement, or which is not made or used in accordance with this Agreement, or which was for goods or services not used in accordance with this Agreement, USAID, notwithstanding the availability or exercise of any other remedies under this Agreement, may require the Grantee to refund the amount of such disbursement in U.S. Dollars to USAID within sixty (60) days after receipt of a request therefor.

(b) If the failure of Grantee to comply with any of its obligations under this Agreement has the result that goods or services financed or supported under the Agreement are not used effectively in accordance with this Agreement, USAID may require the Grantee to refund all or any part of the amount of the disbursements under this Agreement for or in connection with such goods or services in U.S. Dollars to USAID within sixty (60) days after receipt of a request therefor.

(c) The right under subsections (a) or (b) to require a refund of a disbursement will continue, notwithstanding any other provision of this Agreement, for three years from the date of the last disbursement under this Agreement.

(d) (1) Any refunds under subsections (a) or (b), or (2) any refund to USAID from a contractor, supplier, bank or other third party with respect to goods or services financed under the Agreement, which refund relates to an unreasonable price for or erroneous invoicing of goods or services, or to goods that did not conform to specifications, or to services that were inadequate, will (A) be made available first for the Agreement, to the extent justified, and (B) the remainder, if any, will be applied to reduce the amount of the Grant.

(e) Any interest or other earnings on funds disbursed by USAID to the Grantee under this Agreement prior to the authorized use of such funds for the Agreement will be returned to USAID in U.S. Dollars by the Grantee, unless USAID otherwise agrees in writing.

Section E.3. Nonwaiver of Remedies. No delay in exercising any right or remedy accruing to a Party in connection with its financing under this Agreement will be construed as a waiver of such right or remedy.

Section E.4. Assignment. The Grantee agrees, upon request, to execute an assignment to USAID of any cause of action which may accrue to the Grantee in connection with or arising out of the contractual performance or breach of performance by a Party to a direct U.S. Dollar contract which USAID financed in whole or in part out of funds granted by USAID under this Agreement.

Article F: Miscellaneous.

Section F.1. Job Loss, Export Processing Zones and Workers' Rights.

(a) No funds or other support provided hereunder may be used in an activity reasonably likely to involve the relocation or expansion outside of the United States of an enterprise located in the United States if non-U.S. production in such relocation or expansion replaces some or all of the production of, and reduces the number of employees at, said enterprise in the United States.

(b) No funds or other support provided hereunder may be used in an activity the purpose of which is the establishment or development in a foreign country of any export processing zone or designated area where the labor, environmental, tax, tariff, and safety laws of the country would not apply, without the prior written approval of USAID.

(c) No funds or other support provided hereunder may be used in an activity which contributes to the violation of internationally recognized rights of workers in the recipient country, including those in any designated zone or area in that country.

Section F.2. Voluntary Family Planning. Insert the following in the agreement and implementation letter.

[Agreement Language]

The Parties agree that all USAID funds provided under this Agreement shall be used in accordance with applicable United States policy and statutory requirements relating to voluntary family planning projects, and that none of the USAID funds provided under this Agreement, or goods or services financed by such funds, may be used for:

- (a) the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions;
- (b) the performance of involuntary sterilizations as a method of family planning or to coerce or provide any financial incentive to any person to undergo sterilizations; or
- (c) any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a method family planning.
- (d) USAID will issue implementation letters that more fully describe the requirements of this section.

[Implementation Letter Language]

(a) Voluntary Participation and Family Planning Methods

(1) The Grantee shall take any steps necessary to ensure that USAID funds made available under this Agreement will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the Grantee shall conduct its activities in a

manner which safeguards the rights, health and welfare of all individuals who take part in the program.

(2) Activities which provide family planning services or information to individuals, financed in whole or in part under this Agreement, shall provide a broad range of family planning methods and services available in the country in which the activity is conducted or shall provide information to such individuals regarding where such methods and services may be obtained.

(b) Requirements for Voluntary Family Planning Projects

(1) A family planning "project" must comply with the requirements of this paragraph.

(2) A "project" is a discrete activity through which a governmental or nongovernmental organization provides family planning services to people and for which Development Assistance funds, or goods or services financed with such funds, are provided under this Agreement, except funds solely for the participation of personnel in short-term, widely attended training conferences or programs.

(3) Service providers and referral agents in the project shall not implement or be subject to quotas or other numerical targets of total number of births, number of family planning acceptors, or acceptors of a particular method of family planning.

Quantitative

estimates or indicators of the number of births, acceptors, and acceptors of a particular method that are used for the purpose of budgeting, planning, or reporting with respect to the project are not quotas or targets under this paragraph, unless service providers or referral agents in the project are required to achieve the estimates or indicators.

(4) The project shall not include the payment of incentives, bribes, gratuities or financial rewards to (i) any individual in exchange for becoming a family planning acceptor or (ii) any personnel performing functions under the project for achieving a numerical quota or target of total number of births, number of family planning acceptors, or acceptors of a particular method of contraception. This restriction applies to salaries or payments paid or made to personnel performing functions under the project if the amount of the salary or payment increases or decreases based on a predetermined number of births, number of family planning acceptors, or number of acceptors of a particular method of contraception that the personnel affect or achieve.

(5) No person shall be denied any right or benefit, including the right of access to participate in any program of general welfare or health care, based on the person's decision not to accept family planning services offered by the project.

(6) The project shall provide family planning acceptors comprehensible information about the health benefits and risks of the method chosen, including those conditions that might render the use of the method inadvisable and those adverse side effects known to be consequent to the use of the method. This requirement may be satisfied by providing information in accordance with the medical practices and standards and health conditions in the country where the project is conducted through counseling, brochures, posters, or package inserts.

(7) The project shall ensure that experimental contraceptive drugs and devices and medical procedures are provided only in the context of a scientific study in which participants are advised of potential risks and benefits.

(8) With respect to projects for which USAID provides, or finances the contribution of, contraceptive commodities or technical services and for which there is no subagreement under paragraph (e), the organization implementing a project for which such assistance is provided shall agree that the project will comply with the requirements of this paragraph while using such commodities or receiving such services.

(9) (i) The Grantee shall notify USAID when it learns about an alleged violation in a project of the requirements of subparagraphs (3), (4), (5) or (7) of this paragraph; (ii) the Grantee shall investigate and take appropriate corrective action, if necessary, when it learns about an alleged violation in a project of subparagraph (6) of this paragraph and shall notify USAID about violations in a project affecting a number of people over a period of time that indicate there is a systemic problem in the project. (iii) The Grantee shall provide USAID such additional information about violations as USAID may request.

(c) Additional Requirements for Voluntary Sterilization Programs

(1) None of the funds provided under this Agreement shall be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.

(2) The Grantee shall ensure that any surgical sterilization procedures supported in whole or in part by this Agreement are performed only after the individual has voluntarily appeared at the treatment facility and has given informed consent to the sterilization procedure. Informed consent means the voluntary, knowing assent from the individual after being advised of the surgical procedures to be followed; the attendant discomforts and risks; the benefits to be expected; the availability of alternative methods of family planning; the purpose of the operation and its irreversibility; and the option to withdraw consent anytime prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress, or other forms of coercion or misrepresentation.

(3) Further, the Grantee shall document the patient's informed consent by (i) a written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or (ii) when a patient is unable to read adequately, a written certification by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient and that the patient thereafter consented to the performance of the operation. The receipt of this oral explanation shall be acknowledged by the patient's mark on the certification and by the signature or mark of a witness who shall speak the same language as the patient.

(4) The Grantee must retain copies of informed consent forms and certification documents for each voluntary sterilization procedure for a period of three years after performance of the sterilization procedure.

(d) Abortion restrictions

(1) None of the USAID funds provided under this Agreement shall be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to women to coerce or motivate women to have abortions; (iii) payments to persons to perform abortions or to solicit women to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for abortion.

(2) None of the USAID funds provided under this Agreement shall be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent or consequences of abortions is not precluded.

(e) Requirement for Subagreements

The Grantee shall insert these requirements in all subagreements involving family planning or population activities which will be supported in whole or in part with USAID funds under the Agreement."

Section F.3. Prohibition on Assistance to Drug Traffickers.

(a) USAID reserves the right to terminate this Agreement or take other appropriate measures if the Grantee or a key individual of the Grantee is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.

[If there are COVERED PARTICIPANTS]

(b) USAID reserves the right to terminate assistance to, or take or take other appropriate measures with respect to, any participant approved by USAID who is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.

[If there are LOANS OVER \$1000]

(c) For any loan over \$1000 made under this [Agreement/Contract], the Grantee shall insert a clause in the loan agreement stating that the loan is subject to immediate cancellation, acceleration, recall or refund by the Grantee if the borrower or a key individual of a borrower is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.

(d) Upon notice by USAID of a determination under section (x) and at USAID's option, the Grantee agrees to immediately cancel, accelerate or recall the loan, including refund in full of the outstanding balance. USAID reserves the right to have the loan refund returned to USAID.

[If there is a DESIGNATED SUBRECIPIENT - modify the clause to fit the category of subrecipient, e.g., if the designated subrecipient is a U.S. NGO, review is not required and subparagraph (1) can be deleted]

(e) The Grantee agrees not to disburse, or sign documents committing the Grantee to disburse, funds to a subrecipient designated by USAID ("Designated Subrecipient") until advised by USAID that: (1) any United States Government review of the Designated Subrecipient and its key individuals has been completed; (2) any related certifications have been obtained; and (3) the assistance to the Designated Subrecipient has been approved.

(1) The Grantee shall insert the following clause, or its substance, in its agreement with the Designated Subrecipient:

(2) The Grantee reserves the right to terminate this Agreement or take other appropriate measures if the [Subrecipient] or a key individual of the [Subrecipient] is found to have been convicted of a narcotic offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140."
